

35 Year Master Flash®

The only ICC listed flashing for the Metal Building Industry with a **35 Year Warranty**

ISO Quality, Price & Availability / Compound / 11 sizes

Advanced Ozone Resistance Tested to...	EPDM 70 Hour @ 500 pphm
High Temperature Resistance Tested to...	
Intermittent	+ 135° C (+275° F)
Continuous	+ 100° C (+212° F)
Low Temperature Resistance Tested to...	- 55° C (- 67° F)
Compression Set Minimum...	25%

*Complete specification data and testing methods are available upon request.

- ✓ **Made of EPDM**, this flashing is designed for maximum resistance to all weather conditions.
- ✓ **Modification Made Simple**
Pipe diameters can be seen clearly for proper pipe fitting.
- ✓ Designed for 1/8" to 28-1/2" (1.6 to 724mm) diameter pipes.
- ✓ **Adaptable Base**
The base is designed to fit virtually all panel configurations and roof pitches regardless of pipe location. Flexibility absorbs vibration and pipe movement.

35 Year Master Flash®
Compliance with the following codes:

2006 International Building Code® (IBC) • 2006 International Residential Code® (IRC)

ICC-ES is the United States' leading source of technical information on building products and building technology for code compliance.

ICC-ES performs technical evaluations of building products, components, methods and materials.

The evaluation process culminates with the issuance of reports on compliance with the major U.S. building codes, which are available at www.icc-es.org.

ICC-ES is a subsidiary of the International Code Council, a membership association dedicated to building safety and fire prevention that develops the codes used to construct residential and commercial buildings, including homes and schools. Most U.S. cities, counties and states that adopt codes choose the International Codes developed by the International Code Council.

Master Flash® was used to create a new engineering standard for profiled roofing by the International Association of Plumbing and Mechanical Officials (for the Uniform Plumbing Code) and remains the first product listed. These products are also listed for use with Type B vents.
